Climate Change and Human Health Literature Portal

Global climate change and its dermatological diseases

Author(s): andersen LK

Year: 2011

Journal: International Journal of Dermatology. 50 (5): 601-603

Source: http://dx.doi.org/10.1111/j.1365-4632.2011.05006.x

Resource Description

Communication: M

resource focus on research or methods on how to communicate or frame issues on climate change; surveys of attitudes, knowledge, beliefs about climate change

A focus of content

Communication Audience: M

audience to whom the resource is directed

Public

Exposure: M

weather or climate related pathway by which climate change affects health

Extreme Weather Event, Solar Radiation, Temperature

Extreme Weather Event: Flooding

Temperature: Extreme Heat

Geographic Feature: M

resource focuses on specific type of geography

None or Unspecified

Geographic Location:

resource focuses on specific location

Global or Unspecified

Health Impact: M

specification of health effect or disease related to climate change exposure

Cancer, Dermatological Effect, Infectious Disease

Climate Change and Human Health Literature Portal

Infectious Disease: Vectorborne Disease

Vectorborne Disease: General Vectorborne

Intervention: M

strategy to prepare for or reduce the impact of climate change on health

A focus of content

Mitigation/Adaptation: **☑**

mitigation or adaptation strategy is a focus of resource

Adaptation

Resource Type: **☑**

format or standard characteristic of resource

Review

Timescale: **™**

time period studied

Time Scale Unspecified
